

RE: CYCLOPS SECURITY OFFER FOR COURTRAI (DECEMBER & JANUARY PERIOD)

The CNW Committee has recently met with Cyclops Security, as well as most of the security companies operating in Courtrai over the past 12 months. We would like to give Cyclops a 2-month trial for December and January. This period is traditionally a high crime period.

About Cyclops: This company currently provides security to the rural areas of Banghoek Valley, Simondium region and Suid Agter Paarl . We have checked out references, and we are satisfied.

The offer is as follows:

- A vehicle dedicated to Courtrai
- Dedicated staff that are tactically armed (who will be known to us, and not constantly replaced with new staff)
- A dedicated phone number, where you can call or WhatsApp the patrol vehicle
- Infrared (heat sensing) cameras in the vehicle, enabling the guards to see someone hiding behind a bush at night. These cameras are highly effective over a range in excess of 200m
- 24/7 patrolling
- A dog in the vehicle
- Random foot patrols
- Suspicious vehicle monitoring and access to criminal (i.e. wanted) vehicle database
- The cost is R300 per month (i.e. R10 per day) per house

How we believe this help the neighbourhood:

- The company uses some innovative and advanced methods to secure the neighbourhood. This, along with more active and visible patrolling should result in a reduction in crime

What is required:

- We need buy-in from as many Courtrai residents as possible otherwise it cannot go ahead
- Please indicate ASAP, but by **Friday, 18 November** latest if you are "in" for the trial period. You can do this by:
 - Sending a WhatsApp to Stadler (079 069 5659) or Steve (082 829 5520)
 - Emailing courtrai.residents@gmail.com
- If enough support is achieved, we will send you the sign up forms and payment details on **25 November**, and the service will start on 01 December.

After the two-month trial period has completed, everyone has the opportunity to indicate whether they would like to proceed with the service, or not. There is no obligation after two months. We will be evaluating Cyclops's performance, as well as the other security companies over this period.

If you have any questions regarding the above, please contact Steve or Stadler.
